Particularized Need

Local 709 needs this information to determine if management officials have intentionally violated the Master Agreement, Laws, Rules and Regulations set forth. This requested information will enable the Union to fulfill its representational duties to represent all employees

under the Statutes and administer the Collective Bargaining Agreement. The requested information is readily accessible.

The information is needed by the Union in order to:

1. To present evidence, if necessary, in a third party hearing that Management has violated articles of the collective bargaining agreement.
2. To present evidence, if necessary, in a third party hearing that Management has violated sections of the United States Code, with regard to possible forgery, fraud on evaluations and to determine if there are back pay issues involving unpaid Sunday pay, Holiday pay, and annual leave pay that has not been paid in accordance with applicable laws.
3. To fulfill the Union's statutory obligations to represent all employees adequately, effectively, and fairly.
4. To assist and ensure the Collective Bargaining Agreement is enforced for all employees.

#### Public Interest

The disclosure of all the requested information would enable the Union to ensure that the Management is treating all employees fairly and equitably and that all of the employee's rights are being adhered to in accordance with the Laws, Rules and Regulations set forth. Disclosure would also serve the Union's/public's interest by allowing the Union/public to determine if the Agency is discriminating against its public servants on the basis of race, ethnic origin, age, gender, or on the basis of position held within the organization. The further disclosure of this information would assure the public trust that we as an agency can police our own and hold those persons accountable. Since all personal identifiers are public information, we believe the interest of the Union/public outweighs any privacy matters.

#### Other Matters

Local 709's point of contact is willing to meet with the appropriate agency officials to discuss the event giving rise to the Union's and employee's belief and perception, that the employees are being treated in a disparate manner.

Please contact myself at: (303)980-2319 or [edonald@central.unicor.gov](mailto:edonald@central.unicor.gov) if the agency requires any further clarification of this request, or the format in which the information is provided to the Union, or the issue(s) giving rise to this request.

Please provide the requested information to Eva Donaldson, President, AFGE Local 709 no later than Tuesday, April 25, 2006, close of business.
